**Please find below and/or attached an Office communication concerning this application or proceeding.**

The time period for reply, if any, is set in the attached communication.

***Response to Amendment***

The reply filed on 24 November 2008 is not fully responsive to the prior Office Action because of the following matters: the amendment to claim 33 presents an invention distinct from that as originally claimed since nearly all of the originally claimed apparatus has been deleted and replaced with limitations directed toward a completely different invention from that as originally claimed. Similarly, the newly added claims are directed to inventions which are patentably distinct from that as originally presented and examined. Because all claims are now drawn to inventions distinct from that as originally filed, there are no claims to examine. Applicant must amend the claims such that the claims are commensurate with the originally claimed invention. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gary Hartmann whose telephone number is 571-272-6989. The examiner can normally be reached on Tuesday through Friday, 9am-5pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thomas Will can be reached on 571-272-6998. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
